Prague, Czech Republic · Eligible to work in the EU
abigail.sm@proton.me

PROFESSIONAL PROFILE

Developer with hands-on experience building and maintaining web applications, troubleshooting issues, and turning client requirements into practical solutions. Communicates clearly with clients, developers, and non-technical audiences, and learns new systems quickly. Based in Prague with C2 English.

PROFESSIONAL EXPERIENCE

Helpdesk & Service Desk Operator | Serco (16 Nov 2026 - 31 Oct 2027)

- First-line support: handle user requests and incidents end-to-end, escalating to second-line support when needed.
- Systems and data: work with technical and operations teams to keep systems secure and stable, including satellite data metadata updates.
- Communication: publish web notices about maintenance and deployments, and help with monthly reports.
- Documentation: write and maintain operational procedures and work instructions.
- Service improvement: analyse customer needs and work with customer service and quality teams to recommend and drive improvements.

Freelance Full-Stack Developer | SVJ Backoffice App (In Development)

- Partnered with another developer to build a property management app for a residential association, turning client needs into 10+ features.
- Built React frontends with REST API integration on a Spring Boot backend, and contributed to testing and documentation.

Technologies: React, Java, Spring Boot, Spring Security, JWT, JUnit 5, Mockito, MySQL, Docker, Swagger.

Frontend Developer Intern | Actosoft Mexico (April 2026 – October 2026)

- Delivered 15+ frontend improvements and bug fixes, improving navigation, responsiveness, and UX.
- Supported Node.js backend maintenance and worked in an Agile team with code reviews and testing.

Technologies: React, TypeScript, Nest.js, PostgreSQL, Swagger, Docker, E2E Testing, Unit Testing, Jira

Freelance Web Developer | Salon na Jahodě (2025)

- Worked directly with a client to design, build, and deploy a business website in JavaScript, HTML, and CSS.
- Handled ongoing maintenance and SEO/usability improvements, and explained technical decisions in plain language.

EDUCATION

42 Prague | 2026– Present

Core Studies Program:

- C Programming · Algorithms · Computer Science Fundamentals · Peer-to-Peer Learning

EPAM Learning Platform | Dec 2025 – Apr 2026

Java Fundamentals: Design Patterns, Clean Code principles, Unit Testing, Spring Boot, Java Persistence & SQL, Spring Security.

Self-Directed Software Engineering Education | 2024 – Present

Full-stack development · REST API design · Backend architecture · Cybersecurity fundamentals · Python and C

CERTIFICATIONS

ORACLE CLOUD INFRASTRUCTURE ASSOCIATE
Oracle (2025)

AWS CLOUD PRACTITIONER
Amazon (2025)

CYBERSECURITY ESSENTIALS
IBM (2026)

ACADEMIC PROJECTS

Push_Swap (42 Project) | October 2026

- Built with a teammate a C program that sorts integers using two stacks and a limited set of stack operations, aiming for the fewest moves. Implemented multiple sorting algorithms with different time complexities ($O(n^2)$, $O(n\sqrt{n})$, $O(n \log n)$) and selected among them based on input size and disorder.
- Implemented input validation (overflow, duplicates, invalid input) and clean memory management under the strict 42 standard.

Churn Insight (Hackathon Project) | Dec 2025 – Jan 2026

- Built backend APIs with Spring Boot and FastAPI alongside developers and data scientists, integrating ML outputs into application workflows in an Agile team.

SKILLS

- **IT & Support:** Technical troubleshooting · Issue investigation · Problem solving · Requirements gathering · Application testing · Technical documentation · User-focused support · Technical communication · Clear communication with non-technical users
- **Development:** Java · JavaScript · TypeScript · Python · C · React · HTML · CSS · Node.js · Spring Boot · FastAPI · REST APIs
- **Testing & Tools:** JUnit · Mockito · E2E Testing · Postman · Git · Docker · Swagger · Linux · Windows
- **Databases & Cloud:** MySQL · PostgreSQL · AWS · Oracle Cloud · Render · Supabase · Railway

LANGUAGES

- Spanish (native)
- English (C2 Level)
- Czech (A2 Level)
- Japanese (N5 Level)

ADDITIONAL INFORMATION

- Dedicated adaptation and maternity period (2021–2024), followed by structured transition into IT.
- Bachelors degree in humanities. University Dance major.
